

Smart-Net Server – Liebert PSA-1000 UPS

Thank you for purchasing your Liebert PSA-1000 UPS. This will protect your Smart-Net Server from power spikes and outages.

USB cable.

- 1) Open the box and remove the UPS.
- Use the USB cable supplied with the UPS when connecting it to the Smart-Net server.
- When setting the driver version, follow the screenshots below according to your version of Smart-Net. (Figure 1.1 & Figure 1.2)
- 4) Check to see it is communicating; go to Server Management, Monitor UPS. (Figure 2)
